

RHC Training Solutions

Hello,

I am excited to announce that RHC Training Solutions is now offering a new and flexible training opportunity for employees: our "Work at Your Own Pace" program. Designed to meet the growing needs of today's busy workforce, this program allows employees to take a full-time training course from the comfort of their home, working at a pace that fits around their individual schedules.

Program Overview:

The "Work at Your Own Pace" program is a two-week online course that covers comprehensive, hands-on training. Students will be provided with all the materials they need—workbooks, resources, and assignments—and can complete the course from home, with the option to progress through the materials at their own pace. A dedicated instructor will be available to guide students through the course and offer support as needed.

Key Benefits for Agencies:

- Flexibility: Employees can complete the program at their own pace, working around their schedules, which reduces time away from the workplace and allows them to balance training with other responsibilities.
- Cost-Effective: The program eliminates the need for employees to travel for training, saving both time and costs associated with in-person classes.
- Comprehensive Learning: Students will receive thorough training on all course topics, with the opportunity to ask questions and receive one-on-one feedback from an instructor. All materials are provided, and the program concludes with an in-person session to complete the final exam and skills assessment.
- Employee Growth: Investing in training boosts employee morale, enhances skill sets, and promotes professional development, ultimately benefiting your organization through a more skilled and knowledgeable workforce.

Program Details:

- Duration: 2-week self-paced course
- Completion Requirements: The program culminates with a final in-person day on Day 14, where students will take a final exam, demonstrate their skills, and turn in their assignments. This ensures that the learning is both comprehensive and hands-on.
- Materials: All books and resources will be provided and delivered directly to the student (either by mail or drop-off, depending on location).
- Instructor Support: Each student will be assigned an instructor for guidance and assistance throughout the program.

How It Works:

1. Enrollment: Your agency can enroll employees in the program directly, providing them with the flexibility to complete it on their own time.
2. Assignments: Employees work on assignments and submit them via email for instructor feedback.
3. Final In-Person Session: On the final day, employees attend an in-person session to complete a skills assessment and final exam.

Get Started Today:

We would love the opportunity to discuss how our "Work at Your Own Pace" program can benefit your organization. If you have any questions or would like to enroll employees, please feel free to contact us at [Your Contact Info] or reply to this email.

Thank you for considering RHC Training Solutions as a partner in the development of your team. We look forward to supporting your employees in reaching their full potential.

Sincerely,
Denise Shakurr
